

## Something To Buzz About

**Class 6, Session B: Thursday 1:30-5:00 PM**

**Designer:** Jan Gowin, Mary Thrower, Paige Johnson

**Instructor:** Paige Johnson and Mary Thrower

**Instructor's Comments:**

Mom and I taught the original Bee at KASA a couple of years ago, it is the one with rope twist body, she named the project and wrote the original instructions. Paige and I developed Bee #2 with the spiral body. Paige picked up spiraling around a bead faster than her Mom could manage, it was quite fun to watch. Bee #2 was made by Paige with little help. Lisa and Paige made the wheat paper used for the Peonies and Poppies. The poppies are easy and fun to make. After Mom died in February 2016, Paige was still ready for convention. At convention, she decided it would be fun to teach this project.
